Veterinary Ophthalmology

Synopsis

Dr. Gelatt and his contributors represent leaders in comparative ophthalmology, and their insights can augment this essential aspect of any veterinary practice. The Third Edition features full-color illustrations throughout, and expanded coverage of pathology as well as enhanced clinical content, more tables, charts, algorithms, and lists for easy reference

Customer Reviews

A worthy successor to the previous edition with contributions from many leaders in their respective fields and several new sections. Should be on the bookshelf of anyone serious about veterinary ophthalmology.
