# A Guide To The Jerusalem Talmud

## Synopsis

This book explores the compilation and composition of the Jerusalem Talmud, the cultural, economic and political conditions in the Land of Israel during its development, the scholars who studied it throughout the generations, and a synopsis of their research and commentaries. Examined in detail is the transformation of the Roman empire from paganism to Christianity and the effect this has had on the Jerusalem Talmud. Also explored is the sordid and almost successful attempt at the end of the 1800's to present a forged work as the newly "discovered" missing Order of the Jerusalem Talmud.
