# Fast-Acting Get 'em Hot Lust Spells (Nicki's Fast & Easy Love Spells Book 1)

## Synopsis

THIS BOOK IS FOR MATURE ADULTS OVER AGE 18. These aren't your usual "easy love spells." They're about lust. Not tidy, dainty sighs, but heart-pounding, panty-soaking lust. This witchcraft book of sexy spells is for anyone tired of waiting for some good hot sex. He may not be Mr. Right. (Most of the time, Nicki uses the male pronoun throughout this book. It keeps things simple. Nevertheless, these spells can work for anyone who's horny and not too picky. LGBTX or anything in-between?) As long as you're consenting adults, go for it.) Yes, this book is flippant. It's only somewhat serious. (Really, if you were an alien visiting Earth, and you saw humans sweating their brains out, shoving Part A into Part B, over and over again and calling it fun would you laugh so hard you'd pee yourself?) Most of these are real spells about lust. Hot, juicy, sexy lust. Love might be involved. Lust is almost always better when mutual love is part of it. However, most of these spells are about getting laid. Good, hot, kinda-trashy sex. This book contains a dozen lust spells. Eight of them are tried-and-true spells: 4 candle spells, 2 kitchen spells, 1 cord spell, and 1 hybrid spell. Four other spells might work, but they're included for laughs. If you can't laugh at lust and how horny we get when we aren't getting some good lovin', this book isn't for you. It's 8,722 words with exact directions and the words to say. They're spells you won't find anywhere else. Get ready to be shocked. What Nicki suggests is outrageous... and it just might save your love life.

## Customer Reviews

Purchased on kindle and I was only able to read a few pages due to a defect in kindles downloading. Wish I could have received the actual book instead. What I was able to read seemed interesting but due to the download defect, I never got to read the book past page 5. Very disappointed.

It is working! Absolutely Fabulous!\*\*\*

Great simple book to understand:)

Funny and some interesting stuff.I bought it so I added it to my library.
