Customer Reviews

The Storyteller screen conveniently puts most of the frequently referenced charts and tables at the ST's fingertips, while providing plenty of room to hide dice rolls and ST notes. Frontier Secrets gives additional gifts, ideas about antagonists (information about Wild West Fomori), and plenty of other surprises for both players and storytellers. All in all, a great "supplement" for anyone running (or even playing) in a Werewolf Wild West game... even more so for the book than for the screen.

Do not buy the Storytellers Screen! I made the mistake of buying one separate, thinking this book didn't come with one. Now I have two screens (lucky for me I have an awesome game group so someone is getting a present). The book and Screen have just about everything you will need for quick look ups (charts and characters all for the wild west addition of werewolf). I highly recommend this buy along with the main book (werewolf wild west).

its a nice book to help a wild west campaign.if your into the other changing breeds you will love this

book. otherwise.it adds some extra gift for the players to tryoutthe secret society is great reading if you are trying to give your players challenge in the city
