Customer Reviews

Starting around 1999, White Wolf began revising their World of Darkness gamelines and pushing towards the Final Nights. Unfortunately, one of the first casualties were the Ravnos, when their Antediluvian woke up in Bangladesh, ran amok and was eventually destroyed, cursing his childer with his dying breath. We learned that the Ravnos were not merely wandering Gypsies, but a clan of demon-princes of India and the Near East, the rakshasa, ghul and djinn who created deadly illusions and fought with the Kuei-jin for control of Asia. Unfortunately, the Clan's Indian heritage was never fully explored. Still, Clanbook: Ravnos revised was a definite (and much needed) improvement on behalf of the Clan. Beginning with a short fiction that showed Ravnos as tomb robbers, we are presented with some views that are very different from the stereotypes. As the book points out several times, the Ravnos are predators even more so than other vampires; their primal Beast urges them to commit crimes repeatedly. They aren't happy-go-lucky tricksters and kelpotomaniacs... no, they are thugs, murderers, terrorists, car jackers... the most vile and decadent of criminals, because their very soul tempts them to sin. The book also explores what is left of the Ravnos' history in India, explaining the story of Zaphatasura (the Ravnos antediluvian) and his childer, their war with the Kuei-jin, Ravnos dominance of Harappa and Mohenjodaro, the different

castes of Ravnos (Chandala, Sudra, Vaisya, Kshatriya and Brahmin), other Kindred in India, the Ravnos in the west, the British raj, current goings on in India (and the rest of Asia) and the Week of Nightmares.
