Customer Reviews

book was in great shape and the price was right.

The shipping was a little late but the book arrived within the estimated delivery date. The book was in good condition. The binding was intact and appeared almost new. Good quality for the price. Thanx....

I dont know what to say. It was exactly what I wanted and it was shipped to me within 3-4 days and it was in a good condition

The textbook I got was in really good shape. The description was exactly what I got.

The book came in much much better quality than what was expected, it even came with the CD and seemed brand new. For the price (which was cheap) this was an incredible buy.
