The Life And Philosophy Of Pythagoras

Synopsis

In this text, Manly P. Hall discusses the esoteric aspects of Pythagorean thought; with its profound (and heretofore not completely grasped) influence on our understanding of the cosmos; as well as further implications. Custom-formatted for Kindle and checked for typos.

Customer Reviews

It's an exempt from a larger work. Only 19 page long. "The Life Of" implies a much longer work, especially in light of the subject.

" Its just great to read about what I will call" The first Philosopher" the man that gave real value to Ethic" One of Greece's finest mathematician , Astronomer, and philosopher"

Short enough to get initial interest from the reader, not an in depth analysis of PythAgorean teachings, I would recommend to the beginner.
