# The God Of The Bible And The God Of The Philosophers (Aquinas Lecture)

## Synopsis

The author revisits the classical discussion comparing the biblical God with the philosophers God, particularly using the works of Thomas Aquinas and focusing on the three divine attributes of immutability, eternity, and simplicity. Attention is paid to the idea of the Holy Spirit as related to the simplicity of God and how humans, made in Gods image, are similar to God.

## Customer Reviews

Excellent, concise account and defense of the classic medieval understanding of God's nature, by one of today's leading philosophical theologians. Highly recommended.

This is a rich and rewarding read on philosophical theology. Any Thomist will appreciate Stump's insights and those unfamiliar with Aquinas will come to love him. The attributes of classic theism (immutability, eternity, and simplicity) do not conflict with Christian theism and this lecture keenly captures the important, and often missed, nuances from Aquinas to illustrate. Moreover, implications of Dr. Stump's findings are far-reaching and will serve to promote a robust philosophical theology.
