Customer Reviews

I gave the book a 5 star rating and I would like to see more. The author has done something that I have not seen in another Rune book. Steve helps beginners with the relationships that Runes have

with each other. Each rune is covered this way. Consider taking the combo information and doing a meditation to see if you find even deeper levels of relevance to your everyday life.

This book is absolutely PERFECT. Not only does it show you how to do an actual Rune Reading, but it provides the meanings of each rune in an easy to use manner. And an unexpected bonus is that it shows what it means when you have specific runes near each rune in the spread. You definitely will not regret getting this book.

Good reading, i find it helpful. Excellent for beginners. If you want to know about the runes, this will be very helpful. I do recommend this for those interested in understanding the runes.
