Jesus: My Autobiography

"I have come at this time, in this place, and through this being to speak my truth, to speak the story of my life -- the true story of my life." The purpose of this book is to clarify, to tell the truth, and to share my energies with you so that you can begin the transformation of your mind and, therefore, the transformation of your heart and your world. It is in the misteachings that have been associated with my name that much death and pain has been caused and that much guilt and self-recrimination has been expressed. That was not my purpose; that was not my lesson. This story will begin the change. It will not make the change. It will facilitate turning the key in the lock, but you must open the door and walk through it into a new realm that is opened by this information. That is your responsibility. We can only bring you the message, this channel and I. We can only work together to transmit the information, but it is through your actions and your transformation that you will see a change in your world, a change in the subjective world that is manufactured from your beliefs, your thoughts, and your feelings. I talk about the truth of my birth and the truth of my life. I cover some stories that are recounted in the Bible and tell you the true story of those events. I describe some of my personal traits, my human traits, and I define what I am, who I am, and why these things happened. You will be able to understand the truth, and you will begin this reconditioning, this retooling of your mind -- of your thoughts and beliefs -- on this subject of my life, my meaning, and my purpose, for it is a long process. The time is ripe. The need for a spiritual revolution is here. -- Jesus
gotten fed up with the very idea of God as promoted by religious institutions, you deserve to give
Jesus a chance to explain his life in his own words. Why do I say YOU deserve it? Because until
you read what he has to say, as a Westerner you have no idea all the ways you have been misled
about who YOU are -- how entangled your self-concept is in the mythology that has been passed
down to you through the centuries following Jesus passing on to higher dimensions. Although Jesus
has been speaking all along to various people and small groups who are open to his words, the time
is finally right -- due to a perfect storm of political freedoms, scientific understanding, modern
communications technologies such as the internet, and societal disgust with fighting and wars,
discrimination and judgmentalism -- for him to give the gift of this book to the world.Another reason
the time is right is because the way has been prepared by spirit communications on a high level.
There are many more people nowadays who have been exposed to such paranormal activities as
remote viewing, psychic mediumship, automatic writing, and trance channeling. Many can now
listen without fear that spirit communications are always from "demons" or lower-level spirits. The
way has been paved by channeled spirit entities such as Seth, Abraham-Hicks, and Bashar, and
works of automatic writing such as Conversations with God, by Neale Donald Walsh. The work of
these spirits, and the message of this book are at a level high above the work of spirits that come
through at a party of drunken teenagers playing with a Ouija board, or the spirits of the troubled
dead portrayed in poltergeist movies!
