Synopsis

In the Footsteps of Gandhi is a collection of original and soul-searching interviews with contemporary spiritual social activists. Whether discussing AIDS, apartheid, or the Israeli/Palestinian conflict, they embody the understanding that violence is not stopped by violence; violence is only ended by love. Customer Reviews

Catherine Ingram's beautifully constructed book presents interviews of spiritual social activists that serve both as a historical record and, in our current world climate, an inspiring reminder that it is important to take action in line with our beliefs and principles, and that the word "spiritual" can include engaging oneself in crucial social and political issues that affect us all.

This book will inspire you to begin making the changes in the world that you desire to see. It includes inspirational and down to earth interviews with some of the greatest activists that ever lived. Always remember change is possible if we take action and pursue it with love. Highly recommended.

Now in a newly revised edition enhanced with a new foreword by Arun Gandhi, and featuring

interviews with Mubarak Awad, Ram Dass, Thich Nhat Hanh, Cesar Chavez, H.H. The Dalai Lama, Desmond Tutu, Joan Baez, and others, In The Footsteps Of Gandhi: Conversations With Spiritual Social Activists is a collection of deeply contemplative and insightful essays written by a diverse roster of contemporary spiritual and social activists. Touching on an impressive array of modern social issues ranging from AIDS, to apartheid, to the Israel/Palestine conflict, and more, this seminal tribute to the power of (and desperate need for) nonviolence is emotionally moving, morally relevant, and enthusiastically recommended reading for anyone concerned with how best to address the rampant social issues of our time.

Excellent series of interviews with still pertinent movers and shakers in the realm of spiritual activism. Incredibly inspiring. Very very relevant for today, though written in the late 80's.
