THIS ISSUE TAKES INTO ACCOUNT THE VARIOUS TRANSLATIONS OF THE BOOK WHICH MAKES COMPARING THE EXTANT VARIATIONS READABLE AND EXPLAINS TO SOME DEGREE WHY IT WAS NOT PUT INTO THE BIBLE

This gospel will blow your mind. Giants and angels. Graphic description of the tree of life and knowledge. Also description of heaven and the house of god, and I mean that literally like where he reside and what the colors of the floor and walls are in there. This gospel was one of the most popular books before the Catholic Church put together their cannon aka holy bible.

I find literature like this to be fascinating. Text that were left out of the Bible, text that can conflict with the way you currently see things. If you're trying to figure out your own beliefs, I suggest reading this, along with other books, to give yourself a larger picture. Not just what your current religion wants you to know.

just what a needed at a good price. i could not believe that it included ALL versions! I HIGHLY recomend the book.

This Book by every means should have been added to Scripture but was not because the Jews did not want a Book that was so direct about the coming of a Messiah . What a great read Enoch was Blessed by God there is no doubt about it ! f you are a Bible reader you should read these books also you will surely get a better understanding of Scriptures and the Prophecies of coming days.

Like many biblical writings it can get dry and boring, but then it isn't a fiction novel, written for entertainment. But, for anyone studying religion and interested in the Hebrew teachings of the beginning and wanting to understand history of the angels, this is a book that needs to be read.

Love the Bible and any thing that sheds light on the Biblical characters is always inviting and delightful reading.

VERY interesting. It's a book you can read for awhile, intense, then need to put it down for a bit and read something else !!
