Customer Reviews

The last supplement for Promethean: The Created, White Wolf's rpg of playing creatures like the Frankenstein Monster, golems and others, Saturnine Night adds more new ways to create Prometheans, introduces the Unfleshed (Machine or non-living material Created) and fleshes out the Zeka, or Nuclear Prometheans who had been mentioned in the core rulebook. The book also gives Bestowments, Transmutations and Refinements for the radioactive Created as well as sample characters. If you're a P:tC fan, then you must have this book.
