There is a reason that Vampire head developer Justin Achilli considers the Chicago by Night book the best of the city by night sourcebooks. It is. Since it's publication, arguably more gamers have set their chronicles and campaigns in the World of Darkness city of Chicago than any other location. The politics, the intrigue, the power struggles and the beautiful storytelling make this setting one of the most exciting and evocative places in the entire WOD. The tales of Prince Lodin and the Succubus club are well known by nearly every Vampire player, and they started here. If you're a new storyteller or an old master, pick this book up, even if you don't intend to use it. You'll be glad that you did.

It's a good book over all. I tried to get into it more but it's a long read
