## Customer Reviews

This is an enjoyable and whimsical tale set in White Wolf's World of Darkness halfway through the second millennium. Unfortunately this book is no longer in print, but White Wolf, in an effort to remedy this, has reprinted it along with the second book in the series, Blood and Fire. I just finished my first read through the book, and soon I will be telling this tale of the Giovanni's beginnings, via the fall of their founders, the ancient Cappadocians. I hope others who read this will feel the sense of awe and fear that the World of Darkness conjures in me.
