Manifest In 5 Easy Steps With The Law Of Attraction (Create Love, Success And Happiness With Easy Manifestations Book 1)

Synopsis

CREATE ABUNDANCE, LOVE AND JOY WITH 5 EASY MANIFESTATIONS! Are you interested in discovering the secret to dramatically improving and transforming your life faster than you ever imagined possible? If you are, this is the book for you! Change Your Reality With Powerful Intentions! Get this best selling book by manifesting expert Linda West EASILY BEGIN FULFILLING YOUR WISHES NOW! Have you struggled with making the Law of Attraction work for you? You can do it! I will show you how! In Manifest in 5 easy steps, you'll learn a step-by-step process to tap into the hidden power of your subconscious mind to transform your life. Manifest in 5 easy steps is a short book that's easy to read, but it's incredibly powerful and life-changing. Here are some of the key topics covered in Manifest in 5 easy steps: * What is the law of attraction? * How to use frequency to manifest your dreams right now. * The difference between the conscious mind and the subconscious mind * How to get around the blocks that stop you from manifesting instantly. * An easy 5 step-by-step process to tap into the power of vibrations to transform your life. You deserve the best, and "Manifest in 5 Easy Steps" will show you how to achieve the life you desire faster than you ever imagined possible. Hundreds of clients have successfully used this method to produce the results they desire. These are the secrets that the rosicrucians and the occult texts kept hidden away from the masses. Now you can understand and use these same secret techniques to create the life you want NOW!!!! Most likely you're reading this because there's something you really really want and you're wondering if you can use this book to get it. The answer is YES. After years of helping clients and attendees at my lectures learn to manifest their dreams, I developed a simple 5 step process to help you manifest right away. The secrets the Secret never told you. If I can do it, and they can do it, you can do it! You can affirm and intend in this very moment to change your life for the better. Once you understand how to use vibrations to access your empowered self you will begin to manifest magically and miraculously. Your faith in life will be restored. If you have tried visualizations and affirmations and wondered why they weren't bringing you the results you desire, then this book will be a divine message to you from the angels. This book will take the mystery out of the law of attraction and you will finally understand how to manage the law of attraction and frequencies so that they are working for you all the time. Soon abundance, vibrancy and health will all be yours. Once you are in a high frequency you are in control of your subconscious and programming yourself for success. Your chakras will instantly balance and be harmonic as you move into your natural gift of the highest frequency. Miracles and magic do live here still and are as simple as understanding your feelings of your sixth sense and how they relate to quantum physics and the new thought that we actually create our reality with our intentions. A note to readers -

Please leave your stories of your successes in the testimonies so other people will know that this process works and even though we do it instinctually sometimes when we really want something and it's not appearing we have blocked it. If you don't understand the science behind manifesting then you are leaving your life up for chance! Direct your destiny with frequency atttunement and the law of attraction.Tags: Law of Attraction, Manifest Miracle, Attract Love

Customer Reviews

I love the way the author clarifies terms.....have always heard we should raise our vibrations and she is the first author to really explain what this means and how to do it. This whole book makes you happy.

Superb treatment of the thorny issues related to why people don't seem to achieve the things, situations, or individual relationships they believe they deserve. As Ms. West elegantly points out, you need to begin with your core belief system mechanics.A "how to" label for this book to doesn't do this treatise justice; but, that is just what it is -- a "how to" guide to manifest changes in your life.

"How to" with a soulful approach to re-tuning your habits to maximize your time in pursuing your dreams and goals. I would have gladly paid \$99.99 for this information. I hope to see many more books of this caliber from Linda West. Bravo.

I really enjoyed this ebook. There were several ideas and tips that I'd never read before. One of my favorite tips is regarding how to manifest your desires quickly. Similar to other ebooks about the topic, visualizing your desires is recommended. What's interesting is the suggestion to visualize your desire as if you were watching a movie and when the excitement starts to fade, visualize telling your family and friends about what great thing has happened. This keeps you in that high vibration longer, which is where you will begin to attract your desires. I think most people will get useful information from reading this ebook.

Linda West lays it all in simple easy steps. She shows you how to obtain the things you dream of simply and easily. This is a **MUST READ**. It changed my life and I'm sure it will change yours too!

I'm exploring the processes around manifesting and I am trying to be optimistic that this book holds some credibility, but unfortunately that is pulled into question by the absolutely poor writing that is simply a continuous distraction...one has to struggle and wade through the language to try and figure out the point she's trying to make. Statements like "to put it simply..." I find myself thinking, "wait you didn't say anything yet, so what are we making simple.. you didn't say anything yet.. " Everything from grammar to speaking to the reader as if they've read something else previously in the book but have never mentioned. I'm guessing or hoping the author had good intentions in writing this book, but have to wonder how PRESENT she was in publishing something, that if she deemed to be such an important subject, would have been given due diligence and communicated in a clear manner. That said, maybe writing and thinking about the final product is not one of her strengths. And then perhaps manifesting is a strength. Time may tell as I do intend to practice some of these steps. Giving benefit of the doubt but wondering if I'm going through 5 steps from someone who didn't give them much thought.

Lester Levenson taught this, but did not lay it out in a systematic way like Linda West. Levenson's teachings brought us the ultimate truth, and now Linda West has opened up a very practical way to manifest our desires. Get this book and her teachings along with Lester's insights on truth and test it out for yourself. You will have the proof.

After reading so many books on the market regarding manifesting, and getting the life you want, This book, "Manifest in 5 Easy Steps" goes beyond to help you find the secrets The Secret never told you. Linda West lays it out for you and takes all the guess work out of the equation. Her methods for manifesting is so easy, you wonder why it took so long to figure it out. Loved her style of writing. I felt like she was sitting in the room with me having a conversation.

I truly am filled with gratitude for this author and the simple, clear and concise way she communicates these powerful concepts. I've read many books on this topic but this is so joyous and yet practical. Thank you for your gift to humanity.
