# American Government: Power And Purpose (Thirteenth Full Edition (with Policy Chapters))

## Synopsis

Always authoritative. More contemporary than ever. The text that professors trust to get students thinking analytically about American government now includes new content on how race, gender, and group identity intersect with political behavior and institutions. And, leading scholars have contributed new "Analyzing the Evidence" features that engage students with the questions and methods that political students use themselves.

## Book Information

Hardcover: 848 pages

Publisher: W. W. Norton & Company; 13 edition (December 19, 2013)

Language: English

ISBN-10: 0393922448

ISBN-13: 978-0393922448

Product Dimensions: 7.3 x 1.4 x 9.4 inches

Shipping Weight: 3 pounds

Average Customer Review: 3.9 out of 5 stars [See all reviews](#) (26 customer reviews)

## Customer Reviews

I purchased this book new, and it entirely fell apart during one semester of weekly use. The glue that adhered the pages to the binding easily gave way. At the end of the semester, my book is barely usable. The first half of the pages in this textbook completely fell out, and only the second half of the pages remain adhered to the binding. If I had rented this textbook, I would not have been able to return it in its current state. The Brief edition is easy to read, and that makes it easy to understand the gist of the chapters. However, this can be frustrating at times when more detailed information is needed.

This review mostly reflects the quality of the physical aspects of the book, not the content of it. This book is smaller than traditional textbooks and is 400 something pages. My copy arrives on time and as described, however I would assign it under the "gently used" tag rather than the good tag. The book thoroughly describes the history and functions of the US government and why our system of

government has been so unique and revolutionary. The book arrived with notes, minor signs of wear, and underlined portions. It did not detract from my ability to read the book.

Well written overall. Certainly does have some bias editorially, leaning toward left. I'm skipping those parts as I present this to my class.

I give three stars because I feel the author has an irritating bias, but the book does layout the basics of American Government.

The exact book I needed for my American Government course, and at a cheaper price that the college sold it. Received the book in excellent condition. Thank you very much.

It exceeded my expectations! I will definitely use the seller in the future.

Was very helpful in my Political Science college course this past spring.

Excellent quality and very informative. Ease to read and follow.
