Customer Reviews

We continue this series in the Rocky Mountains with our Search & Rescue brotherhood. This time we are reintroduced to our secretive sexy firefighter and Motorcycle Club member, Ian Walsh. In the previous installment we had a brief encounter with Ian Walsh through Lou and Callum. During the first installment when the HDG (headless dead guy) was found and the investigation began, a pendant of Ian Walsh's was found with the weight that held the HDG in the lake, thereby connecting him and the motorcycle club to the murder. Of course, this is not at all what it seems but it is still pretty damning evidence. Though Ian has been with the motorcycle club almost his whole life and considers them family, he also knows they are by no means a good bunch, but family is family. Even though he owes the club his life, his heart and mind lives with his brother firefighters and the girl he has loved since they were teenagers. He would do anything for her and he soon he may have too. Rory Sorenson has loved Ian since they were children and he gave her a pink frosted cupcake for her birthday. Raised by apocalyptic fearing crazy parents, she was almost completely isolated - no friends and certainly no boyfriends. Rory is also not the most innocent girl in the Rockies as she owns and runs a gun shop that sells both legal and illegal guns. Most of those illegal guns go to the same MC club that Ian belongs too. Though she manages to keep peaceful relations, when a hotheaded rider breaks into her shop in order to steal her merchandise - all hell breaks loose. Ian, well, I loved him in the first book and I couldn't wait to read all about him. Who doesn't love a sexy firefighter who also happens to be covered in tattoos and rides a motorcycle? He is the ultimate good guy bad boy.
