Palm Reading: For Beginners: See The Future In Your Hands (Understanding You And Your Future Book 3)

Synopsis

READ FOR FREE WITH KINDLE UNLIMITED Palm Reading for Beginners! In this wonderful book you will discover the wonder of palmistry, which is how the details on our palms can tell us more about our inner selves than our conscious minds can. Sounds good so far...? Well, why don't you just go ahead and download your own copy of this book right now. And let's get started with everything that you, as a beginner in this art, need to know about chiromancy. The book will start with a brief presentation of this practice throughout time (with an entire chapter dedicated to the most relevant events in the history of palm reading), and an emphasis on the current situation (the position of palm reading in our society). Later chapters deal with specific details that are essential in palm reading. Each of them will give you lists of elements that you need to take into consideration (color, shape, flexibility, consistency, texture, lines, mounts, fingers, and nails), with explanations about why such details could be important and possible interpretations for each element. The last chapter will give you important pieces of advice that should guide your entire reading experience â “ not only the initial phase. Here are some of the things you will learn about...About the beginnings of palm readingIf there is any foundation for the myth that says that palmistry uses Devilâ™s toolsWhat the shape of each finger tells usHow the natural shape of the nails are relevant How you can connect the aspect of the skin to physiological and psychological interpretationsWhat is the name and meaning of each line in the palmMuch, much more... There's a lot more information in this valuable book. I encourage you to get your own copy today, and find out how you can improve your skills in chiromancy. Donâ™t let others decide what is valid and valuable for you; see for yourself what palm reading really is and start practicing right now. A new stage of your life is waiting for you. Customer Reviews

This really got me excited since I have always been curious about palm readers and how they actually tell a person by just reading their palms. So I had to research about it and got this awesome book! I'm really glad I got to read this book because it contains a lot of information about palm reading and how you can actually learn it yourself. After reading this book, I was able to share what I learned and read the future of each of my friends for fun. Thumbs up to the author Tabitha Zalot for sharing this book!

The book would have made more sense (since it is for beginners) to have included drawings as reference. Beginners don't know the locations of the Mounts of Venus or Mercury. Everyone's hand pattern is so different, it would have helped to have included some basic guidelines. This also applies to the description of hand shapes, finger lengths and finger nail shapes etc. Pictures or drawings would have done a lot to enhance it. It's interesting reading, just a bit hard to follow at times when the reader doesn't know what they're looking for or at. I gave it 3 stars only because it took some time to put together. I couldn't give it a 5 since it didn't stand on its own without easy to follow illustrations/photos.

This little book was so well written it had me reading my palm and my friend's as we took the train home (to the amusement of the elderly couple across from us). It was such fun and really gives a good feel for the intricacies of palmistry, while making it simple enough that even I can do it.
