Magical Powder Recipes

Synopsis

This is a collection of recipes and instructions for fifty magical powders or dusts. Use these powerful recipes to create powdered blends which can enhance your love or financial life, promote peace and good health, or increase creativity. Magical powders have many useful applications in your work. You can use these powders in your home, your business, on your ritual tools or spell parchments, and on yourself. A hyperlinked table of contents makes it easy to navigate between recipes.

Customer Reviews

A book full of magical powder recipes. if that is what you are looking for, then you have found it. If you are wanting a book that goes into more depth, then you will be disappointed. This book s just as ti says in the title - recipes.

This book covers most of the things in our everyday life that we would want to improve. The only problem I have is, where to find talc. A lot of the receipts call for different color talc's. And there is no info on a substituent.

This is a great book in my opinion. I'm a beginner. I found it easy to read. Some recipes call for colour powders. I was wondering what that was. I finally found a site that sells it. I'm glad I found this book.

This book gives the recipes to combine powders, herbs, and other to achieve your goal. It is very simple. It doesn't give much other information about the herbs, powders, or other ingredients. It also doesn't clarify which plant parts to use. Overall a good recipe book, great. If you don't mind winging it.

Has some interesting powders, but could use a little more "meat and potatoes" so to speak. If you are just getting started in this, it would be a good one.

This is a very easy to read book and instructions. It is very simple. As a beginner and anxious person to change luck, is very easy to understand.

Has many interesting powder combinations. However, many of the ingredients are not common household items. But still there are quite a few household ingredients. I would recommend this book to anyone who is interested in potions, spells, blessing things, etc.

These are very simple recipes which will have you wondering why you had not hit the kitchen shelves and done so sooner!
