Customer Reviews

This book is very well written and reads like a good & knowledgeable friend who is highly experienced in the ways of love giving good advice along with Magickal Angelic workings to attract

your soulmate and improve the relationship you are in. After many years of trying to find love and wondering why the popular methods of attracting a mate weren't working, I was very happy to see workings in this book that will help me to move past blockages to finding a true and lasting love that I didn't even know were there. Additionally, there are workings in this book that are designed to make you more attractive in general, so that is going to be helpful in finding a good mate, as well as just being a good time. Speaking of which, I am an introvert, so social skills do not come naturally to me. This is a well known hinderence that prevents introverts from finding love. The author includes some practical advice for navigating the social scene so as to be putting yourself in the right spots to find a mate. Even extroverts will find some helpful information, here. If you truly struggle with the social stuff like I do, there are also workings in this book to mold your reality so that the Angels can better send you the mate you are asking for. Then when you have found a good match, the love workings will help to seal the deal. If the person will be a bad match for you, there is a fail safe in these workings, so you don't get stuck being in love with a person who will be bad for you. I also really like how the author included ways to heal and improve an existing love relationship. Relationships take work, especially when the newness of it wares off.
