The Goodly Spellbook: Olde Spells For Modern Problems

Synopsis

This is not your average mystical tomeâ "but a special spellbook by two practicing witches. Here is the thoroughly comprehensive, absolutely definitive guide to spellsâ "the basic handbook for anyone looking to practice some hands-on magic. Delightfully well written and practical, filled with atmospheric illustrations and diagrams throughout, it encompasses all the principles and philosophy of spell casting, and gives recipes for charms to solve common contemporary problems. This offers what most witchcraft and Wicca books don't: an in-depth understanding of what's behind the spells and why they work. It's amazing how much magic is in here: Geomancy, Elemental Scrying, Tree Divination, Mystic Dance and Drumming, Kitchen Witchery, and lots more. From healing, protection, and attraction spells to spells for discernment, repulsion, and concealing, not a topic goes uncovered.

Customer Reviews

As published on The Magical Buffet website on March 10, 2008 "The Goodly Spellbook: Olde Spells for Modern Problems" should be required reading for anyone even considering studying magic. End of review. Seriously, I have read my fair share of books examining magical systems, schools, or spells, and none have impressed and inspired me as much as this book. I haven't been this thankful for a book since "Magick for Beginners" by J.H. Brennan, and since that one is getting hard to come by, I'm extra glad to have a new book to recommend to any interested in magic. Now that you all know I LOVE this book, let me tell you why. "The Goodly Spellbook" is written by Lady Passion and *Diuvei, who are High Priestess and High Priest of Coven Oldenwilde. Those of you who have been

with The Magical Buffet since the beginning are no strangers to these names. Coven Oldenwilde was the first organization we profiled in issue one. In the very next issue Lady Passion wrote an article called, "THE WILD, WITCHY RIDE: How to Create and Conduct Elaborate, Popular, Public Sabbats". I knew that Coven Oldenwilde was a special group and that Lady Passion was a gifted writer, I expected an interesting read, but instead was blown away. I started reading the preface of the newly released paperback, which was fine, but then on page 17 I read this line and knew I was about to read something extraordinary. "Magic is an authentic spiritual practice, best used in tandem with medical, legal, and other reasonable measures." This sentence may seem mundane to some, but any who have read books about magic know that this level of intelligence and rationale are rarely exhibited. In my opinion the book's title is not adequate. "The Goodly Spellbook" sounds like it's just a bunch of spells.
