The Newbery and Caldecott Awards: A Guide to the Medal and Honor Books is the updated 2007 edition to award-winning children's picturebooks and literature. Each entry lists the book's title, author, illustrator, publisher, and a short summary of the book's contents. Books are listed chronologically, from the 2007 award-winning titles to the award-winning titles of 1922 (Newbery) or 1938 (Caldecott). The Newbery and Caldecott lists are separate; an additional section describes media used in Caldecott picture books. An introduction explaining the criteria and basics of the awards, as well as an index for quick reference, round out this excellent guide for librarians seeking quality titles to add to their children's book collections.

I have enjoyed this book immensely. I have a list of my own, but this one is more up to date, and offers other details that I didn't know before. I can now use this one to get me more up to date...
