For ten years of my married life, I searched for a resource that would help me understand the dynamics of an in-law relationship. The books I found only had a paragraph or two on the in-law relationship. I needed something more substantial. I did Internet searches on how to get along with in-laws and was appalled by the hurtful words women used to describe their in-law relationships. After pouring hours (and years) into the search, I gave up. I concluded there were no resources to fill my need. At the Christian book store my eye caught this book because it had those socially stigmatized words on the front cover: "Mother-In-Law." I did not expect it to provide much insight since my previous searches were dead-ends. On the contrary, this book provides plenty of insight

for both daughter-in-law and mother-in-law. In this book, Annie Chapman demonstrates how a daughter-in-law or mother-in-law can love each other despite differences and how to forgive hurts. She deeply understands that the relationship between these two women is one of the most delicate and valuable of all family connections. She uses several stories as examples throughout the book from the women she interviewed. I enjoyed the chapter about how to speak with in-laws without hurting your husband or yourself. We have a Christian responsibility to love our in-laws. One way to show that love is to control the tongue. Controlling the tongue avoids having to apologize for unkind, untrue, or unnecessary words. "If families would eliminate gossip, reject judgment, and season conversations with good, wholesome communication, think what a pleasant and safe place all of our homes would be" (pg 45).
