Customer Reviews

Light reading, just something to cozy up with in the evening. The plots of the three tales were simple but the writing is charming. I enjoyed the dogs in the book and the heroine is likable. I thought the romance/budding relationship portion could have moved a bit faster but this is cozy mystery, not romance. Very enjoyable if you're looking for a relaxing read.

I realize these are quick books. The recipes are nice. I wish the books weren't so quick, though. Kind of hard to relax and get into. Plus, seriously...if you find a body, or one is found near you, would you investigate? I doubt it. And yet in books, people do. And usually a baker. Of course there's an attractive police officer. I love cozy mysteries, but a little originality would be nice.

A trio of clean cozy mysteries suitable for everyone. Well written with plenty of yummy recipes for pups and people. Mayzie runs a dog friendly cafe with a sideline of dog walking. She investigates three separate murders in this book set.

Thought they were a decent quick read. Couldn't help but be distracted by the fact that in all three she portrayed the police as negligent beyond belief in the stories. In the last one the boat the drowned fisherman was using washes up near a lighthouse. Mayzie's police boyfriend actually allows her to take the victims personal belongings home with her. Like the pet recipes and am considering a few of the human edibles as well.

Well written. Fun characters and stories made me not want to put it down. I will definitely be looking for more by this author!
