Excellent presentation of material on how to skyrocket the amount of pleasure and sensuality in your life. This book is full of clear presentations of a deep philosophy of sensuality written in an easy to understand and apply format as well as many specific exercises and examples of how to apply the information to your own life. The Bodansky's know of what they write, they have explored, lived, and taught this material for years and number many well know sexuality educators as their students. 100% full endorsement!

A woman friend had taken a workshop with Welcomed Consensus, the people behind this book and concept, and I decided to investigate. Who wouldn't want to learn how to give their partners amazing levels of pleasure, hour long orgasms? I haven't yet attempted the techniques outlined in the book, but I will soon. Clearly written and with much sensible advice on relationships, communication and pleasure, I would say it's a must read for anyone who wants the most from their loving relationships.

Great book that goes into great detail on many different sensual topics. Has definitely improved my partner and I's love life since we both read and use the things we have learned in our love making sessions.

Mmmmm! Educating. A must read for all men AND women.

excellent well written quick and enjoyable
